

MARION CATHOLIC- AN INVESTMENT IN YOUR CHILD'S FUTURE

"We pray that St. Mary and Marion Catholic Schools grow in their Catholic identity and be preserved in our Marion Community to draw all closer to God."

If you knew about an investment opportunity with excellent returns, would you take advantage of it? Marion Catholic is just that! Marion Catholic High School is an investment in your child's future. MCHS graduates historically receive over \$1.5 million college scholarship dollars. What sets Marion Catholic apart from other local high schools is its faith-based academic environment, its dedicated staff, its high standards of academic achievement, and its teacher student ratio of 10:1. This Catholic educational environment incorporates prayer and Christian values with quality academics. It is without equal. While tuition is necessary to the continued operation of Marion Catholic, it is an investment in your child's future. There are thousands of dollars available to make Marion Catholic affordable to any qualifying family in Marion and surrounding communities, both Catholic and non-Catholic.
